

SUBJECT INDEX—Volume 8 (1983)

In Volume 8, Number 1 (Jan.-March) contains pages 1-52; Number 2 (April-June), 53-88; Number 3 (July-Sept.), 89-140; and Number 4 (Oct.-Dec.), 141-182.

- Analgnesia
 - obstetric, continuous epidural infusion for, 10
 - postoperative, intercostal nerve blockade for, in fractured ribs, 151
- Anesthesiologist, role of, in pain center, 166
- Arrhythmias, bupivacaine-induced, plasma cation concentrations and, in normokalemic cats, 104
- ASRA eighth annual meeting, abstracts from, 31
- Bennett, Alexander Hughes, 1
- Bladder tumor resection, transurethral, in 101-year-old man, spinal anesthesia in, 127
- Brachial plexus block
 - full-scale electronic model for teaching of, construction of, 130
 - interscalene, phrenic nerve block and, 123
- Bupivacaine, cardiac arrhythmias and plasma cation concentrations of, in normokalemic cats, 104
- Cannulation, of small veins, 133
- Cardiac arrhythmias, bupivacaine-induced, plasma cation concentrations and, in normokalemic cats, 104
- Cardiovascular effects, of spinal blockade, in patients treated with propranolol, 61
- Cat, normokalemic, bupivacaine-induced cardiac arrhythmias in, plasma cation concentrations and, 104
- Central nervous system, local anesthetic toxicity of, effect of age on, in mice, 57
- Cervical pain, myofascial, transcutaneous electrical nerve stimulation in, 99
- Children
 - intravenous regional anesthesia in, 69
 - thoracic surgery in, transcutaneous electrical nerve stimulation for, 163
- CRNAs, regional anesthesia performed by, (editorial), 53
 - education for, 54
- Edinburgh, three men of, (Historical notes), 1
- Epidermolysis bullosa, regional anesthesia in, 81
- Epidural anesthesia, photoplethysmography and, 114
- Epidural infusion, for obstetric analgesia, 10
- Epidural space, identification of, simple test to confirm, 158
- Epinephrine, lidocaine and, serum levels of, in spinal anesthesia in dogs, 6
- Etidocaine aerosol, as topical anesthesia, 120
- Finland, regional anesthesia for surgery in, proportion of, 144
- Hip surgery, major, postoperative pain relief with, intrathecal morphine for, 139
- Hypotension, subarachnoid block-induced, mephentermine resistant, in patient receiving metoprolol, 171
- Intercostal nerve blockade, for fractured ribs and postoperative analgesia, 151
- Labat address, Reflections upon historical aspects of spinal anesthesia, 89
- Lidocaine, serum levels, in spinal anesthesia in dogs, 6
- Local anesthesia. *See* Regional anesthesia
- Lumbar pain, myofascial, transcutaneous electrical nerve stimulation in, 99
- Male, 101-year-old, spinal anesthesia for bladder tumor resection in, 127
- Meningitis, due to *S. viridans*, in differential spinal block, 85
- Mephentermine, subarachnoid block-induced hypotension resistant to, in patient receiving metoprolol, 171
- Metoprolol, patient receiving, subarachnoid block-induced hypotension in, mephentermine resistant, 171
- Morphine, intrathecal, postoperative pain relief with, after major hip surgery, 139
- Norway, regional anesthesia for surgery in, proportion of, 144
- Obstetrics
 - analgesia in, continuous epidural infusion for, 10
 - regional anesthesia for, complications of, 17
 - vasopressors in, 74
- Pain, postoperative, after major hip surgery, intrathecal morphine in, 139
- Pain center, anesthesiologists in, role of, 32
- Pain control teaching, in anesthesia residencies, 154
- Photoplethysmography, epidural block and, 114
- Phrenic nerve block, interscalene brachial plexus block and, 123
- Plasma cation concentration, bupivacaine-induced cardiac arrhythmias and, in normokalemic cats, 104
- Platelet aggregation, local anesthesia effects on, 65
- Propranolol, patients treated with, cardiovascular response after spinal blockade in, 61
- Regional anesthesia
 - central nervous system toxicity of, effect of age on, in mice, 57
 - education of CRNAs for, 54
 - in epidermolysis bullosa, 81
 - intravenous
 - low-dose, for upper extremity surgery, 117
 - in pediatric patients, 69
 - for obstetrics, complications of, 17
 - platelet aggregation and, 65
 - proportion of, in Sweden, Norway, Finland, 144
 - should it be performed by CRNAs, (editorial), 53
- Residency, anesthesia, pain control teaching in, 154
- Ribs, fractured, intercostal nerve blockade for postoperative analgesia and, 151
- Simpson, James Young, 4
- Spinal anesthesia
 - cardiovascular responses after, in patients treated with propranolol, 61
 - continuous, 109
 - differential, meningitis due to *S. viridans* in, 85
 - lidocaine and epinephrine in, serum levels of in dogs, 6
 - reflections upon historical aspects of, (Labat address), 89
 - for transurethral bladder resection, in 101-year-old man, 127
- Streptococcus viridans*, meningitis due to, in differential spinal block, 85
- Subarachnoid block, hypotension in, mephentermine resistance of, patient receiving metoprolol and, 171
- Surgery, regional anesthesia for, in Sweden, Norway, Finland, 144
- Sweden, regional anesthesia for surgery in, proportion of, 144
- Thoracic surgery, in children, transcutaneous electrical nerve stimulation for, 163

SUBJECT INDEX—Volume 8 (1983)

In Volume 8, Number 1 (Jan.-March) contains pages 1-52; Number 2 (April-June), 53-88; Number 3 (July-Sept.), 89-140; and Number 4 (Oct.-Dec.), 141-182.

- Analgesia
 - obstetric, continuous epidural infusion for, 10
 - postoperative, intercostal nerve blockade for, in fractured ribs, 151
- Anesthesiologist, role of, in pain center, 166
- Arrhythmias, bupivacaine-induced, plasma cation concentrations and, in normokalemic cats, 104
- ASRA eighth annual meeting, abstracts from, 31
- Bennett, Alexander Hughes, 1
- Bladder tumor resection, transurethral, in 101-year-old man, spinal anesthesia in, 127
- Brachial plexus block
 - full-scale electronic model for teaching of, construction of, 130
 - interscalene, phrenic nerve block and, 123
- Bupivacaine, cardiac arrhythmias and plasma cation concentrations of, in normokalemic cats, 104
- Cannulation, of small veins, 133
- Cardiac arrhythmias, bupivacaine-induced, plasma cation concentrations and, in normokalemic cats, 104
- Cardiovascular effects, of spinal blockade, in patients treated with propranolol, 61
- Cat, normokalemic, bupivacaine-induced cardiac arrhythmias in, plasma cation concentrations and, 104
- Central nervous system, local anesthetic toxicity of, effect of age on, in mice, 57
- Cervical pain, myofascial, transcutaneous electrical nerve stimulation in, 99
- Children
 - intravenous regional anesthesia in, 69
 - thoracic surgery in, transcutaneous electrical nerve stimulation for, 163
- CRNAs, regional anesthesia performed by, (editorial), 53
 - education for, 54
- Edinburgh, three men of, (Historical notes), 1
- Epidermolysis bullosa, regional anesthesia in, 81
- Epidural anesthesia, photoplethysmography and, 114
- Epidural infusion, for obstetric analgesia, 10
- Epidural space, identification of, simple test to confirm, 158
- Epinephrine, lidocaine and, serum levels of, in spinal anesthesia in dogs, 6
- Etidocaine aerosol, as topical anesthesia, 120
- Finland, regional anesthesia for surgery in, proportion of, 144
- Hip surgery, major, postoperative pain relief with, intrathecal morphine for, 139
- Hypotension, subarachnoid block-induced, mephentermine resistant, in patient receiving metoprolol, 171
- Intercostal nerve blockade, for fractured ribs and postoperative analgesia, 151
- Labat address, Reflections upon historical aspects of spinal anesthesia, 89
- Lidocaine, serum levels, in spinal anesthesia in dogs, 6
- Local anesthesia. *See* Regional anesthesia
- Lumbar pain, myofascial, transcutaneous electrical nerve stimulation in, 99
- Male, 101-year-old, spinal anesthesia for bladder tumor resection in, 127
- Meningitis, due to *S. viridans*, in differential spinal block, 85
- Mephentermine, subarachnoid block-induced hypotension resistant to, in patient receiving metoprolol, 171
- Metoprolol, patient receiving, subarachnoid block-induced hypotension in, mephentermine resistant, 171
- Morphine, intrathecal, postoperative pain relief with, after major hip surgery, 139
- Norway, regional anesthesia for surgery in, proportion of, 144
- Obstetrics
 - analgesia in, continuous epidural infusion for, 10
 - regional anesthesia for, complications of, 17
 - vasopressors in, 74
- Pain, postoperative, after major hip surgery, intrathecal morphine in, 139
- Pain center, anesthesiologists in, role of, 32
- Pain control teaching, in anesthesia residencies, 154
- Photoplethysmography, epidural block and, 114
- Phrenic nerve block, interscalene brachial plexus block and, 123
- Plasma cation concentration, bupivacaine-induced cardiac arrhythmias and, in normokalemic cats, 104
- Platelet aggregation, local anesthesia effects on, 65
- Propranolol, patients treated with, cardiovascular response after spinal blockade in, 61
- Regional anesthesia
 - central nervous system toxicity of, effect of age on, in mice, 57
 - education of CRNAs for, 54
 - in epidermolysis bullosa, 81
 - intravenous
 - low-dose, for upper extremity surgery, 117
 - in pediatric patients, 69
 - for obstetrics, complications of, 17
 - platelet aggregation and, 65
 - proportion of, in Sweden, Norway, Finland, 144
 - should it be performed by CRNAs, (editorial), 53
- Residency, anesthesia, pain control teaching in, 154
- Ribs, fractured, intercostal nerve blockade for postoperative analgesia and, 151
- Simpson, James Young, 4
- Spinal anesthesia
 - cardiovascular responses after, in patients treated with propranolol, 61
 - continuous, 109
 - differential, meningitis due to *S. viridans* in, 85
 - lidocaine and epinephrine in, serum levels of in dogs, 6
 - reflections upon historical aspects of, (Labat address), 89
 - for transurethral bladder resection, in 101-year-old man, 127
- Streptococcus viridans*, meningitis due to, in differential spinal block, 85
- Subarachnoid block, hypotension in, mephentermine resistance of, patient receiving metoprolol and, 171
- Surgery, regional anesthesia for, in Sweden, Norway, Finland, 144
- Sweden, regional anesthesia for surgery in, proportion of, 144
- Thoracic surgery, in children, transcutaneous electrical nerve stimulation for, 163

- Topical anesthesia, etidocaine aerosol as, 120
Toxicity, central nervous system, local anesthetic, effect of age on, 57
Transcutaneous electrical nerve stimulation in myofascial lumbar and cervical pain, 99
after thoracic surgery in children, 163
Tumor, bladder, transurethral resection for, spinal anesthesia for, in 101-year-old man, 127
Upper extremity surgery, low-dose intravenous regional anesthesia in, 117
Vasopressors, in obstetrics, 74
Veins, small, cannulation of, 133
Wood, Alexander, 2
